WELLNESS PLANS

YOUNG ADULTS: 1 - 6 YEARS

Annual exam

- 30 minute consultation with a veterinarian.
- At this life stage, we will focus on weight management, oral health, building healthy habits, and prevention of parasites and infectious disease.

Young Adults

Core & elective vaccines

- Core vaccines: DA2PP & rabies
- Elective vaccines: Bordetella (kennel cough) & leptospirosis
- The above vaccines are included, but we will discuss a specific plan and schedule based on your individual pet's life style and risk factors.

Basic oral dewormer

- One dose of Strongid-T (pyrantel pamoate) with annual exam.

Accuplex (heartworm & tick-borne disease testing)

- Blood test to check for heartworm (transmitted by mosquitos), Lyme disease, Ehrlichia, and Anaplasma (transmitted by ticks). One per year.

KeyScreen PCR fecal testing

- Screens for 20 intestinal parasites, including parasites that can be transmitted to people.
- Many parasites, like giardia, are microorganisms that are not visible to the naked eye.
- One test included per year.

Fear Free medication

- One refill of Fear Free medication (gabapentin or trazodone) is included with all exams for pets on wellness plans, for stress-free vet visits!

DOGS

WELLNESS PLANS

YOUNG ADULTS: 1 - 6 YEARS

Free drop-off exam

Young Adults

- Worried your dog is unwell? **ONE (1)** free drop-off exam is included.
- Please **call us first** to arrange a time for drop-off, to minimize the time your pet spends waiting to be seen.
- A team member will speak with you to gather more information about your concerns, and then a veterinarian will examine your pet and call you to discuss the next steps. You must be easily reachable by phone.
- The exam fee is included but if any medications or diagnostics are needed, they will cost extra.

Six months of Nexgard Spectra

- We recommend that dogs in Ontario are given a monthly heartworm, intestinal parasite, flea, and tick preventative medication from **June to November**.
- **Six months of Nexgard Spectra**, an all-in-one oral preventative medication, is included in this package. The monthly fee associated with this package varies **depending on the size of the pet** and what dose of medication they require.
- Additional **tick prevention** is strongly recommended when the temperature is above freezing, and is available at an **additional cost (no dispensing fee for wellness plan members)**.

Free bag of a veterinary diet tailored to your pet's needs

- Our wellness plans include one free bag of a veterinary diet, picked based on your pet's life style or specific medical needs.
- **Limited time only** and exclusive to new plan members in 2024 and 2025. Given at time of annual exam.
